Equine Learning Centre

HELP THE HERD

HELP THE COMMUNITY

Our 'equine assisted' programs allow youth to experience the magic of horses. Each of our horses comes with their own personal story just as our clients do. They have taught youth to respect life's boundaries, accept themselves and let go of the past in order to move forward in their journey. They have shared tears, anger, frustration, and helped clients overcome weaknesses, develop self-confidence and build on their strengths to overcome obstacles. With their equine partners, youth develop self-esteem, leadership and team-building skills and learn to adopt positive behaviours. We hope you can help keep our community equine programs going.

The cost of keeping horses is huge...from feed, shavings and farrier, to blankets, veterinary and other health care costs. Help the herd do their job through financial or in-kind donations or sponsorships.

Contact Melanie Gray at 519-372-2527 or email at melodyacres@bmts.com for sponsorship opportunities or to obtain additional information on our programs and fundraising initiatives.

Horses change lives. They give our young people confidence and self-esteem. They provide peace and tranquility to troubled souls—they give us hope. Toni Robinson
