

PARTNERS IN PROCESS

Equine Learning Centre

Partners in Process Equine Learning Centre is a registered non-profit organization. Our goal is to provide unique alternative equine assisted therapy through various programs targeting the needs of the community. We rely on grants, sponsorships and personal donations. The clientele we focus on the most are the ones least likely to be able to pay.

The horses are the mainstay of the therapy. There are currently five horses working to help youth turn their lives around. The average cost of one horse in the program is \$5,000 which includes care and expenses for:

- Hay and grain
- Stall bedding
- Veterinary care, annual vaccinations, and supplements (not including emergency care)
- Farrier hoofcare
- Grooming supplies, blankets

Your gift is a necessary and vital part of keeping our program alive and well. The sponsorship of a horse supports the basic needs of the horse while allowing the session income to provide for equipment, facility maintenance, utilities, insurance and upgrades. We're asking you to help by sponsoring just part of the cost to care for one of these wonderful teachers. Or, you can help a child experience the healing power of horses with equine therapy sessions.

SPONSOR A HORSE

MAGIC, a 6 year old American Paint horse

Magic is an adopted horse who arrived as a companion horse to a mare who had recently lost a foal due to pregnancy complications as well as losing her best friend due to colic.

Memories Allow Good Inside Comfort is a program developed for grief, loss and detachment issues.

RADAR, a 6 year old Miniature horse

Radar is an adopted horse from the same farm where Magic lived. Being the smallest on the farm left him with a lot of disadvantages. However, he is able to overcome his small size with a lot of heart and determination.

Realize Amazing Dreams Are Reachable is a program to help youth realize that they can overcome lack of confidence, self-esteem and other issues to attain their goals in life.

WHISKY, a 14 year old registered Quarter horse

Whisky is a retired reining show horse. With his age comes a lot of wisdom and experience. He is a true gentleman full of kindness and integrity which he can bring out in those in the program.

Wisdom Honesty Integrity Self-esteem Kindness You

A program that allows youth to shine from within by developing self-confidence, patience, self-esteem and taking responsibility for own actions

GATOR, a 9 year old registered overo Paint Horse

Gator is a retired champion halter show horse. His colour makes him a standout in any crowd. Although his health is not always up to par, he can still teach the youth how to overcome obstacles in life.

Great Attitudes Together Overcome Reactions

A program for those involved in substance abuse where positive attitudes replace negative behaviours.

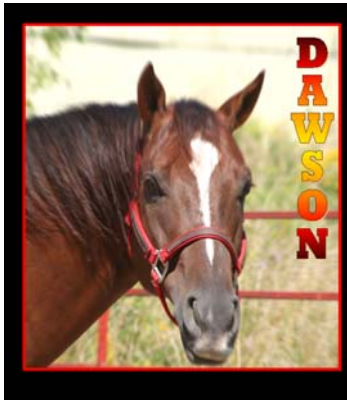

SPONSOR A HORSE

JACSON, a 10 year old American Quarter horse

Jacson brings to the program a variety of characteristics that has allowed him to excel doing his work. As a foal he lost his mother and was adopted by another mare. As he journeys through life, he has run into physical complications that he has learned to overcome.

Just Adopting Careful Sources Overrides Negativity provides youth the resources to learn how to overcome adversity.
